### **STUDY SPACE and required MATERIALS**

Here are some suggestions on how you can prepare for your online studies.

Set up a space where you can be on your own without interruptions and where you have space to move (even little).

Some supplies you need:

- Different objects: stones, shells, hats, scarfs...
- Two objects that calm you down and two objects that give you energy
- A song that you find calming and one that gives you energy
- Some small instruments (if you have them) or selected objects and items around you that make sounds (for example from the kitchen...)
- Old magazines, newspapers
- Selected cloths to dress up, fabric left overs, shop your drawer
- Different sizes of white paper and colored paper
- Drawing tools like crayons or oil pastels, your favorite color materials, Watercolor, Gouache, brushes
- Clay or any similar forming material
- Scissors & Glue
- Writing tools like pen and pencils, colored pencils, markers
- You might also want to try out digital tools, like the paint program 'Paintbrush', or have a QuickTime Player to audio record or video record
- Your Expressive Arts journal
